

ORGANIC PRODUCT PROFILE

Please fill out a Product Profile Sheet for each individual organic product for which certification is requested. Attach a copy of all labels used for this product. Please attach or be prepared with documents to show acceptability of ingredients, such as organic certificates, source and composition verification, compliance statements, etc. Please review NOS §§ 205.301 - .311 for product composition and labeling requirements. Use additional sheets as necessary. Contact the MOSA office with any questions.

Applicant/MOSA Associate name: _____ Date: _____

Finished product name as you would like it to appear on certificate: _____

Company name(s) to be noted on label: None _____

Product Composition: Complete the table below for all inputs used in the production of this product, including processing aids, microorganisms or additives which may not appear on the label as an ingredient. The last two columns below will be used to verify organic content required for labeling claims or other marketplace representation of the product. Please provide percentages and attach or be prepared with supporting documentation. Please note: *Unless actual organic content is available for ingredients, those certified to the "organic" labeling category will be assumed to be 95% organic, and those certified to the "made with organic..." labeling category will be assumed to be 70% organic.*

Ingredient Name (as shown on certificate and/or other records)	Organic Status / Substance Type (Please check one. See National Organic Standards section 205.2 for definitions)	Supplier(s)	Supplier(s) Certification Agency(-ies)	% in product at formulation	organic % of ingredient
	<input type="checkbox"/> Organic agricultural <input type="checkbox"/> Non-organic agricultural <input type="checkbox"/> Non-agricultural synthetic <input type="checkbox"/> Non-agricultural non-synthetic				
	<input type="checkbox"/> Organic agricultural <input type="checkbox"/> Non-organic agricultural <input type="checkbox"/> Non-agricultural synthetic <input type="checkbox"/> Non-agricultural non-synthetic				
	<input type="checkbox"/> Organic agricultural <input type="checkbox"/> Non-organic agricultural <input type="checkbox"/> Non-agricultural synthetic <input type="checkbox"/> Non-agricultural non-synthetic				
	<input type="checkbox"/> Organic agricultural <input type="checkbox"/> Non-organic agricultural <input type="checkbox"/> Non-agricultural synthetic <input type="checkbox"/> Non-agricultural non-synthetic				
	<input type="checkbox"/> Organic agricultural <input type="checkbox"/> Non-organic agricultural <input type="checkbox"/> Non-agricultural synthetic <input type="checkbox"/> Non-agricultural non-synthetic				
	<input type="checkbox"/> Organic agricultural <input type="checkbox"/> Non-organic agricultural <input type="checkbox"/> Non-agricultural synthetic <input type="checkbox"/> Non-agricultural non-synthetic				
	<input type="checkbox"/> Organic agricultural <input type="checkbox"/> Non-organic agricultural <input type="checkbox"/> Non-agricultural synthetic <input type="checkbox"/> Non-agricultural non-synthetic				
	<input type="checkbox"/> Organic agricultural <input type="checkbox"/> Non-organic agricultural <input type="checkbox"/> Non-agricultural synthetic <input type="checkbox"/> Non-agricultural non-synthetic				
	<input type="checkbox"/> Organic agricultural <input type="checkbox"/> Non-organic agricultural <input type="checkbox"/> Non-agricultural synthetic <input type="checkbox"/> Non-agricultural non-synthetic				

Product Name (same as on page 1): _____

Product Composition table (continued)

Ingredient name (as shown on certificate and/or other records)	Organic Status / Substance Type (Please check one. See National Organic Standards section 205.2 for definitions)	Supplier(s)	Supplier(s) Certification Agency(-ies)	% in product at formulation	organic % of ingredient
	<input type="checkbox"/> Organic agricultural <input type="checkbox"/> Non-organic agricultural <input type="checkbox"/> Non-agricultural synthetic <input type="checkbox"/> Non-agricultural non-synthetic				
	<input type="checkbox"/> Organic agricultural <input type="checkbox"/> Non-organic agricultural <input type="checkbox"/> Non-agricultural synthetic <input type="checkbox"/> Non-agricultural non-synthetic				
	<input type="checkbox"/> Organic agricultural <input type="checkbox"/> Non-organic agricultural <input type="checkbox"/> Non-agricultural synthetic <input type="checkbox"/> Non-agricultural non-synthetic				
	<input type="checkbox"/> Organic agricultural <input type="checkbox"/> Non-organic agricultural <input type="checkbox"/> Non-agricultural synthetic <input type="checkbox"/> Non-agricultural non-synthetic				

Do any ingredients appear by a different name on the finished product label? Yes No

If yes, please explain:

Are any of the organic ingredients from a supplier that is excluded from a certification mandate? (i.e. retailer, broker, distributor. See National Organic Standards section 205.101(b)) Yes No

If yes, please list ingredients & their excluded suppliers:

What method was used to calculate composition percentages? (See NOS § 205.302)

Net weight, per NOS § 205.302(a)(1)

Fluid volume, per NOS § 205.302(a)(2)

Combined weight, per NOS § 205.302(a)(3)

If water and/or salt are used as ingredients, indicate % in the finished product: _____ % water _____ % salt

Total percentage of organically produced ingredients: _____

Did you round this number down to the nearest whole number? (See NOS § 205.302(b)) Yes No

How will this finished organic product be labeled/represented in the marketplace? (Check one.)

- 100% organic
- Organic
- Made with organic (specified ingredients or food group(s))
- Livestock feed product
- Other (specify): _____

Will there be a statement on the label listing percentage of organic ingredients? No Yes, _____ %

Do you intend to use the USDA organic seal or MOSA seal on labels or market information?

No seals USDA organic seal MOSA seal other (specify): _____

Note: All labels must be approved before use.

Projected annual total volume of finished product _____, beginning date: _____ and ending date: _____.
