

3 YEAR FIELD HISTORY

Three years of field history is required, except in the case of alfalfa. For existing stands of alfalfa planted after January of 2011, provide the field history back to the planting date.

Use a separate line for each field and list fields in order. Do not group fields on the same line unless the fields are always farmed as one field. Be sure that the Field ID matches your maps.									Name		Year: 2016
