Producer Fee Schedule (continued)

¹ When a "sale" occurs with no money exchanged, such as a trade or barter, use the fair market value of the commodity to determine the dollar value to be included in your annual organic sales. Insurance proceeds must be incorporated into your organic sales total.

² Typically, the inspection deposit does not cover the total cost of inspection. You will be billed for the balance.

* A \$6 processing fee will be applied to all quarterly payments: due dates are 4/1, 7/1, 10/1 and 12/31.

**For Uncertified Applicants \$656 is due with your application. The balance of \$450 plus a \$6 per quarter processing fee will be billed 30 days in advance for the remaining quarters of the year.

Actively-certified operations transferring from another certification agency or actively-certified MOSA operations that are moving and certifying at a new location, use the tier system to determine fees.

**The USDA Organic Cost Share Program offers a rebate for organic certification-related fees paid to your certifier.
Please contact MOSA for more information about this program.**
