Fee Schedule – Producer (Crop and/or Livestock) (continued)

¹ When a "sale" occurs with no money exchanged, such as a trade or barter, use the fair market value of the commodity to determine the dollar value to be included in your annual organic sales. Insurance proceeds must be incorporated into your organic sales total.

² A nonrefundable inspection *base fee* is included in your annual certification fees. If the cost of your inspection exceeds the inspection base fee, you will be billed for the balance after your inspection. The *total* cost of inspection includes administrative services, professional fees, and travel expenses.

³ Quarterly payments are due 4/1, 7/1, 10/1 and 12/31 and include a \$6 per quarter processing fee.

⁴ Monthly based on annual fees. All monthly milk buyer payments include a \$2 processing fee per month.

Uncertified Applicants must pay in full with your application.

Actively certified operations transferring from another certification agency or actively-certified MOSA operations that are moving and certifying at a new location must pay in full and use the tier system to determine fees.
