

CERTIFICATION REQUEST - HANDLER

This form is to be used at any point in the certification cycle to expand the scope of certified products or services on MOSA certified operations.

Processor/handler name: _____ Business name: _____

Address: _____ Telephone: _____

Certification is requested for the following additional organic product(s):

PROCESSED PRODUCT(S): List product(s) below and attach an Organic Product Profile for each product.

Product	Projected Quantities

PROCESS/HANDLING SERVICE(S): Describe services, all equipment used, and attach a process flow diagram, facility map, cleaning protocols and any other documentation to show how this expansion of scope changes any previously approved organic system plan information.

Please explain why these products/services were not previously included in your organic plan, and why they are now requested for certification.

I understand that to complete this process, MOSA may require additional written information and/or inspection of my facilities.

Signed: _____ Date: _____
