

Custom Livestock Management

Complete this form if you custom manage livestock for another organic operation, or if your organic livestock are custom managed off-site. This form is supplemental to your Livestock Organic System Plan.

All locations where organic livestock are housed and grazed must be certified organic and inspected annually. If off-site facilities or pastures are a part of your organic system plan, list the address(es) and distance from the main farm on either the New Client Overview form (new clients) or the Annual Update form and include management details in your organic system plan.

OFF-SITE CUSTOM MANAGEMENT
NOS §§205.201, .236, .272
If animals are managed by another operator, that operation must be certified organic for the type of livestock being custom managed.
1. Are any of your organic livestock managed on another certified organic operation (ex: custom grazing or housing)? <i>Submit a Livestock List for the animals.</i> <input type="checkbox"/> Yes. <i>Provide the following information and submit a copy of the operation's current organic certificate.</i> <input type="checkbox"/> No. <i>Skip to ON-SITE CUSTOM MANAGEMENT section.</i>
2. Manager or Owner of the off-site operation:
3. Physical address of the off-site operation:
4. Phone number of the off-site operation:
